INTRODUCTION

Purpose of Document:

This document provides information on current federal funding opportunities. It is intended that the resource will highlight key information to help jurisdictions make decisions about whether to pursue these funding opportunities. Please note that the solicitation or notice of funding that is linked serves as the official guidance on how to apply for the funding, required and allowable expenses, and deadlines. If a funding opportunity looks relevant to the work you are planning for, please read through each solicitation/notice of funding closely to respond to all requirements. Most of the Department of Justice funding opportunities require a two-step application submission process, each with its own deadline. All deadlines are noted in the descriptions.

Audience:

The grant programs listed in this document allow for a variety of eligible applicants, including state, local and tribal government entities and nonprofit organizations. Eligibility and target audience varies by program, so please read through the eligibility information. If your jurisdiction or organization is not eligible to submit the application, many programs allow and/or encourage partnerships through sub-grants and contracts with eligible applicants.

Grant Program Priorities:

Some grant programs will prioritize funding for certain types of jurisdictions or target audiences. This typically means that the federal funding agency will add points to the overall rating of the application or will flag the application for priority when making decisions on what to fund. If your application aligns with a grant program priority, it does not guarantee that it will be funded, but it should be addressed in the application.

For this resource, the grant programs that include priority language around supporting rural jurisdictions or underserved populations are indicated by language highlighted on the grant program description page. The priorities are defined below:

Underserved Community Priority

This priority supports [Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government](#):

- Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.
- In support of Executive Order 13985, the grant programs with this priority will:
 - » Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.
- Generally, applicants are being asked to describe in their application how the proposed project(s) will promote racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality.

Rural-Specific Category

This indicates if a grant program includes a category of funding restricted only to rural jurisdictions. Please note that each program typically provides definitions of a rural jurisdiction, and this may vary across programs, so please read through each solicitation/notice of funding carefully to determine if your jurisdiction or target audience is eligible. The specific rural category language is included in the grant program description if applicable.

Rural Priority

This indicates if a grant program included additional priority language indicating priority for funding rural jurisdictions. The specific rural priority language is included in the grant program description if applicable.

Connecting with Researchers:

The Justice Community Opioid Innovation Network (JCOIN) has developed a resource for local jurisdictions to find and connect with researchers called [CONNECT](#). CONNECT is a researcher and practitioner collaboration and discovery tool and aims to help facilitate multidisciplinary research and programmatic collaboration across the health and justice fields. You can browse or search information on researchers, practitioners, publications, and organizations.

Training and Technical Assistance:

If your community is not ready to apply for funding but still needs assistance, keep in mind that many federal agencies offer free training and technical assistance to connect you with subject matter experts to provide training or technical expertise on certain topics. You can request assistance through the following training and technical assistance centers available through the federal government:

- [Bureau of Justice Assistance National Training and Technical Assistance Center](#)
- [Office of Juvenile Justice and Delinquency Prevention National Training and Technical Assistance Center](#)
- [Office for Victims of Crime Training and Technical Assistance Center](#)

Cost Sharing/Match Required? Yes. Recipients must provide matching funds of 10% of the award from non-federal contributions (directly or through donations from public or private entities).

Complete details are available at [Rural Emergency Medical Services Training](#)

Description:

This program provides funding to recruit and train EMS personnel in rural areas with a particular focus on addressing substance use disorders (SUD) and co-occurring disorders (COD) substance use and mental disorders. Recipients will be expected to train EMS personnel on SUD and COD, trauma-informed, recovery-based care for people with such disorders in emergency situations and, as appropriate, to maintain licenses and certifications relevant to serve in an EMS agency. With this program, SAMHSA aims to develop the capacity of EMS staff to support residents in rural communities.

What can be funded?

- Train EMS personnel on mental and substance use disorders and trauma-informed, recovery-based care for people with such disorders in emergency situations.
- Acquire emergency medical services equipment.
- Train EMS personnel on the use of Naloxone in emergency opioid overdose situations.
- Train EMS personnel, provide resources, and implement procedures on connecting those who have undergone overdose reversal to substance use disorder treatment.
- Train EMS personnel on motivational interviewing, working with local peer-support specialists, and, as appropriate, maintaining licenses and certifications relevant to serving in an EMS agency.
- Develop procedures to ensure all overdoses are reported to the state and/or local public health department.
- Conduct courses that qualify graduates to serve in an EMS agency.
- Fund specific training to meet federal or state licensing or certification requirements.
- Purchase FDA-approved medication or devices for emergency reversal of known or suspected opioid overdose.
- Refer to pages 10-13 of the solicitation for additional allowable activities.

Anticipated Award Amount(s): Up to \$375,000

Length of Project: Up to 5 years

Cost Sharing/Match Required? No

Complete details are available at [Strategic Prevention Framework – Partnerships for Success for Communities, Local Governments, Universities, Colleges, and Tribes/Tribal Organizations](#)

Description:

This program provides funding to help reduce the onset and progression of substance misuse and its related problems by supporting the development and delivery of community-based substance misuse prevention and mental health promotion services. The program is intended to expand and strengthen the capacity of local community prevention providers to implement evidence-based prevention programs.

What can be funded?

- Award recipients will use the Strategic Prevention Framework (SPF) to address up to three data-driven community substance misuse prevention/mental health promotion priorities through assessing gaps in data, determining capacity, implementing planning, implementing the program, and evaluating the program.
- See pages 11-14 for specific details on allowable activities.

EXPANDING TREATMENT ACCESS

Strategic Prevention Framework – Partnerships for Success for States

Application Due Dates:
Grants.gov: February 21, 2024

Eligible entities:

States including U.S. Territories, Pacific Jurisdictions, and the District of Columbia.

Total Available Funding: \$15,500,000

Anticipated Number of Awards: 41

Anticipated Award Amount(s): Up to \$1,250,000

Length of Project: Up to 5 years

Cost Sharing/Match Required? No

Complete details are available at [Strategic Prevention Framework – Partnerships for Success for States](#)

Description:

This program provides funding to help reduce the onset and progression of substance misuse and its related problems by supporting the development and delivery of state and community substance misuse prevention and mental health promotion services. This program is intended to promote substance use prevention throughout a state jurisdiction for individuals and families by building and expanding the capacity of local community prevention providers to implement evidence-based programs.

What can be funded?

- Identify and build the capacity of underserved communities with high substance misuse risks with the goal of strengthening these communities and the capacity of community-based organizations to implement and sustain prevention services.
- See pages 10-13 for specific details on allowable activities.

SUPPORT FOR TRIBAL COMMUNITIES

Tribal Behavioral Health

Application Due Dates:
Grants.gov: March 6, 2024

Eligible entities:

Federally recognized American Indian/Alaska Native (AI/AN) tribes, tribal organizations, Urban Indian Organizations, or consortia of tribes or tribal organizations.

Total Available Funding: \$13,051,443
Anticipated Number of Awards: 52
Anticipated Award Amount(s): \$250,000

Length of Project: Up to 5 years
Cost Sharing/Match Required? No

Complete details are available at [Tribal Behavioral Health](#)

Description:

This program provides funding to prevent and reduce suicidal behavior and substance use/misuse, reduce the impact of trauma, and promote mental health among American Indian/Alaska Native (AI/AN) youth, up to and including age 24, by building a healthy network of systems, services, and partnerships that impact youth. SAMHSA expects this program will be a model for community change that integrates a community's culture, resources, and readiness to address suicide prevention and substance use/misuse among AI/AN youth.

What can be funded?

- Funds must be used primarily to support infrastructure development, including conducting a community needs assessment, conducting a community readiness assessment, developing a tribal strategic action plan, and developing and/or revising "postvention" protocols.
- See pages 9-12 for specific details on allowable activities.
