INTRODUCTION

Purpose of Document:

This document provides information on current federal funding opportunities. It is intended that the resource will highlight key information to help jurisdictions make decisions about whether to pursue these funding opportunities. Please note that the solicitation or notice of funding that is linked serves as the official guidance on how to apply for the funding, required and allowable expenses, and deadlines. If a funding opportunity looks relevant to the work you are planning for, please read through each solicitation/notice of funding closely to respond to all requirements. Most of the Department of Justice funding opportunities require a two-step application submission process, each with its own deadline. All deadlines are noted in the descriptions.

Audience:

The grant programs listed in this document allow for a variety of eligible applicants, including state, local and tribal government entities and nonprofit organizations. Eligibility and target audience varies by program, so please read through the eligibility information. If your jurisdiction or organization is not eligible to submit the application, many programs allow and/or encourage partnerships through sub-grants and contracts with eligible applicants.

Grant Program Priorities:

For this resource, the grant programs that include priority language around advancing equity, supporting rural jurisdictions, or serving underserved populations are indicated by language highlighted on the grant program description page. See specific instructions in each solicitation/notice of funding to determine what information is required to receive the priority consideration. The priorities are defined below:

Advancing Equity Priority

Some grant programs will give priority consideration to applicants that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

Underserved Community Priority

Some grant programs will give priority consideration to applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive at least 40 percent of the requested award funding, as demonstrated in the Budget web-based form) are a population-specific organization that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

Rural Priority

This indicates if a grant program includes language indicating a priority for funding rural jurisdictions.

Rural-Specific Category

This indicates if a grant program includes a category of funding restricted only to rural jurisdictions. Please note that each program typically provides definitions of a rural jurisdiction, and this may vary across programs, so read through each solicitation/notice of funding carefully to determine if your jurisdiction or target audience is eligible.

Connecting with Researchers:

The Justice Community Opioid Innovation Network (JCOIN) has developed a resource for local jurisdictions to find and connect with researchers called <u>CONNECT</u>. CONNECT is a researcher and practitioner collaboration and discovery tool and aims to help facilitate multidisciplinary research and programmatic collaboration across the health and justice fields. You can browse or search information on researchers, practitioners, publications, and organizations.

Training and Technical Assistance:

If your community is not ready to apply for funding but still needs assistance, keep in mind that many federal agencies offer free training and technical assistance to connect you with subject matter experts to provide training or technical expertise on certain topics. You can request assistance through the following training and technical assistance centers available through the federal government:

- Bureau of Justice Assistance National Training and Technical Assistance Center
- Office of Juvenile Justice and Delinquency Prevention National Training and Technical Assistance Center
- Office for Victims of Crime Training and Technical Assistance Center

Eligible entities:

• Native American tribal organizations (other than Federally recognized tribal governments), Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Nonprofits that do not have a 501(c) (3) status with the IRS, other than institutions of higher education, Private institutions of higher education, Public and State controlled institutions of higher education, and community-based organizations and civil rights organizations that are tribal, non-profit, and academic.

Total Available Funding: \$4,400,000 Anticipated Number of Awards: 11

Anticipated Award Amount(s): Up to \$400,000

Length of Project: 3 years

Cost Sharing/Match Required? No

Complete details are available at Community-based Approaches to Prevent and Address Hate Crime

Description:

This program provides funding to support comprehensive community-based approaches to addressing hate crimes that promote community awareness and preparedness, increase victim reporting, and improve responses to hate crimes. This program is also designed to develop community-informed models for responding to hate speech and incidents and facilitate reconciliation and community healing. Note that applications that include letters of support, memorandums of understanding (MOUs), and/or letters of intent to partner will receive priority consideration under this solicitation.

What can be funded?

Category 1: Community-based Organizations:

• Support individual organizations seeking to pilot prevention strategies, facilitate dialogue and community healing to de-escalate tensions arising from hate speech and hate incidents, and prevent hate crimes at the local level. These programs should be tailored to a particular community or geographic area.

Jabara-Heyer NO HATE Act State-Run Hate Crime Reporting Hotlines

Eligible entities:

• State governments

Total Available Funding: \$2,250,000 Anticipated Number of Awards: 2

Anticipated Award Amount(s): Up to \$1,125,000

Length of Project: Up to 3 years **Cost Sharing/Match Required?** No

Complete details are available at Jabara-Heyer NO HATE Act State-Run Hate Crime Reporting Hotlines

Description:

This program will provide funding for state agencies to establish state-run hate crime reporting hotlines designed to assist victims who might otherwise be reluctant to report hate crimes.

On June 11, 2024, at 3:00 p.m. ET, OVC will hold a webinar to provide a detailed overview of this solicitation and allow an opportunity for interested applicants to ask questions. Register here.

What can be funded?

- Collaboration with existing national or state-run hotlines for peer-to-peer learning on the successful implementation of state-run hotlines.
- Collaboration with stakeholders including victim service providers, survivors, persons with lived experiences, community-based organizations, culturally specific organizations, faith-based organizations, and other allies to complete a community resource map to identify the needs of the community and the resources available to address those needs through a hate crime reporting hotline.

Matthew Shepard and James Byrd, Jr. Hate Crimes Program

Length of Project: Up to 4 years

Cost Sharing/Match Required? No

Eligible entities:

• State, local, and tribal law enforcement agencies, including prosecutors' offices; Tribal law enforcement and prosecution agencies must be from federally recognized Indian tribal governments that perform law enforcement functions (as determined by the Secretary of the Interior).

Total Available Funding: \$11,100,000 Anticipated Number of Awards: 15

Anticipated Award Amount(s): Category 1: Up to \$725,000

Category 2: Up to \$2,000,000 Category 3: Up to \$150,000

Complete details are available at Matthew Shepard and James Byrd, Jr. Hate Crimes Program

Description:

This program provides funding to state, local, and tribal law enforcement and prosecution agencies and their partners to conduct outreach, educate practitioners and the public, enhance victim reporting tools, and investigate and prosecute hate crimes committed on the basis of a victim's perceived or actual race, color, religion, national origin, sexual orientation, gender, gender identity, or disability.

What can be funded?

There are three categories of funding:

- Category 1: City or County Demonstration Projects
- Category 2: State or Regional Initiatives
- Category 3: Strategic and Resiliency Planning

The following activities can be funded:

- Develop programs to increase reporting of hate crimes and identification of hate crimes and to increase agency capacity to investigate and prosecute hate crimes.
- Establish a more advanced level of preparedness at state, local, and tribal law enforcement and prosecution agencies for addressing hate crimes.

Additional priority considerations (see page 10):

- BJA will offer priority consideration to programs that propose funded partnerships with community stakeholder organizations, including community-based organizations, civil rights organizations, and/or K-12 schools
- BJA will offer priority consideration to programs that actively seek to address hate incidents on college and university campuses. Priority will be given to applicants that include Memoranda of Understanding (MOUs), letters of support, and/or funded partnerships with local colleges and universities.

Complete details are available at Second Chance Act Improving Reentry Education and Employment Outcomes

Description:

This program provides funding for reentry services and programs focused on strengthening education and employment outcomes for individuals returning to their communities after a period of incarceration. This program aims to support fair chance opportunities to improve education and employment outcomes for individuals currently incarcerated for 2 years or less before release into the community. For this solicitation, fair chance opportunities refer to reentry services and programs designed to increase access to in-demand jobs and meaningful careers for justice-impacted people upon and following their release from incarceration.

What can be funded?

The Improving Reentry Education and Employment Outcomes Program envisions a three-part process that includes conducting a labor market analysis, engaging stakeholders, and delivering programming to people before and during reentry to increase the attainment of meaningful employment and reduce recidivism. Funds can be used to support:

- Conduct labor market analysis to identify available and viable employment opportunities or apprenticeships that result in meaningful work experiences in the jurisdiction or surrounding area
- Implement reentry education with transitional supports and a focus on students completing credentials, certificates, and diplomas.
- Engage a consortium of stakeholders to examine and expand opportunities for fair chance hiring.
- Operate a program to expand fair chance opportunities via academic or vocational education and include wraparound services attentive to common reentry needs.

Description:

This program provides funding to organizations to provide the basic needs of crime victims, such as transportation, temporary and transitional housing, clothing, food, and other items necessary for their well-being, healing, or safety. Applicants should have experience providing direct services to crime victims in communities that have been historically marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

OVC will conduct a pre-application webinar on June 18 and June 20, 2024, at 3:00 p.m. Eastern time. Register here.

What can be funded?

OVC indicates that organizations can use grant funding to address these services related to crime victimization:

- A shortage of rental units that provide temporary or transitional housing for victims;
- Inadequate funding for food (e.g., grocery gift cards, setting up/stocking a free food pantry);
- Lack of funds for bus fare, subway or metro fare, ride-sharing expenses, and other transportation-related services;
- A need for clothing for adults, infants, children, or teens;
- Covering expenses for job readiness such as appropriate work attire or fees for apprenticeship programs or skill-building courses;
- Additional staff or staff time to provide and oversee these services; and
- Other challenges related to meeting the basic needs of underserved victims.

Cash transfers are not an allowable expense under this program. Special consideration will be given to organizations that have not received OVC funding since 2020.

Complete details are available at STOP School Violence Program Competitive Solicitation

Description:

This program provides funding to improve school safety by providing students, teachers, and staff with the tools they need to recognize, respond quickly to, and prevent acts of violence. With this solicitation, funding is available to increase school safety by implementing solutions to improve school climate. Solutions include school-based behavioral threat assessments and/or intervention teams to identify school violence risks among students, technological innovations that increase school safety, such as anonymous reporting technology, and other school safety strategies that prevent violence.

What can be funded?

- Train school personnel and educate students on preventing student violence against others and themselves.
- Develop and implement threat assessment and/or intervention teams to identify school violence risks and implement strategies to mitigate those risks.
- Implement a technology solution, such as an anonymous reporting technology that can be implemented as a smartphone APP, a hotline, or a website in the applicant's geographic area designed to provide a way for students, teachers, faculty, and community members to anonymously identify school violence threats, or other technology solutions that will improve school safety.
- Implement other school safety solutions that assist in preventing violence and improving a school climate such as improving access to school-based behavioral health services or implementing appropriate social and emotional learning programs or other interventions that promote a positive and healthy school climate.
- Train school-based law enforcement officers or probation officers who work with school-based populations.
- Hire personnel to improve a school climate and positive responses to student behavior.

Complete details are available at Reimagining Justice: Testing a New Model of Community Safety

Description:

This program provides funding for developing and testing new or innovative approaches to improving community safety and trust that are alternatives to traditional enforcement mechanisms for neighborhoods experiencing high rates of less serious and low level criminal offenses. This model will involve coordination with law enforcement entities to improve public safety and community residents' perceptions of law enforcement and procedural fairness and legitimacy.

On May 29, 2024, at 2 p.m. ET, BJA will hold a webinar to provide a detailed overview of this solicitation and allow an opportunity for interested applicants to ask questions. Register here.

What can be funded?

- Propose one or more locations with set boundaries in one or more economically disadvantaged neighborhoods experiencing a precipitous increase in crime, or type(s) of crime, in which to develop and test the model. Provide data that supports the reason for focusing on this particular location.
- Build and implement a process for identifying and recruiting partner organizations and entities that operate programs within the locality or neighborhood(s) to implement the plan, provide technical assistance, and oversee any subawards to these organizations and entities.
- Lead a strategy to engage community residents, leadership, local government agencies such as social service and community development agencies, local institutions such as schools and faith-based institutions, and those most impacted by community safety strategies, including those with lived experience within the criminal justice system and victims of crime, in the target area(s) in the development and implementation of a community-based safety model that will build capacity in community-based organizations, institutions, and service providers to address the identified precipitous increase(s) in the identified crimes and quality of life issues to be addressed.
